Physical Education (PHED)

The Department of Physical Education does not offer a major or minor. However, all students are required to complete two PHED courses as part of the fulfillment of the general education requirements necessary for graduation. All new first-year college students will enroll in a PHED course during the initial fall semester of matriculation. The remaining course may be completed during Interim or any other Spring semester prior to graduation. Students are NOT permitted to earn more than two credit hours in Physical Education.

The only course that may be repeated for credit is PHED 102 Fitness - as long as the activity of focus is different for each course.

The faculty members associated with the Department of Physical Education typically serve on the Athletics or Student Affairs staff in addition to teaching Physical Education.
