Phi Beta Kappa

Phi Beta Kappa is America's oldest and most widely recognized collegiate honor society. It was founded in 1776 at the College of William and Mary. As of 2016, there were 286 chapters at the strongest and best-respected colleges and universities in the country. Each chapter may elect about 10 percent of the eligible students in each graduating class.

Since 1941, Wofford has served as the host institution for Beta chapter of South Carolina by demonstrating that the liberal arts and sciences—the traditional core of higher learning—are at the center of its educational program. By attending a Phi Beta Kappa college and being elected to membership in the society, Wofford men and women become associated with a group that fosters freedom of inquiry and expression, disciplinary rigor in learning, breadth of perspective, diversity of opinion, and the application of the skills of deliberation in the pursuit of a more just and peaceful world. With about 600,000 living members, the society offers ample opportunities for networking with other Phi Beta Kappa key holders in the United States and abroad.

The Academic Program

The academic program, the primary means by which Wofford College seeks to realize its purpose, is based upon a liberal arts curriculum that provides an academic experience focused on developing abilities that enable students to possess lives of service, success and fulfillment. A liberal arts education emphasizes general knowledge and intellectual skills. It acquaints students with the best of human cultural heritage and develops their abilities to think, learn, communicate, judge, adapt, and solve problems. A liberal arts education promotes character and mature ethical choices.
